Name of Training	Dates/Times	Language/ PD Hours	Description
<b>Inquiry-Based Science: Living Things, Color and Light</b>	<b>Wednesdays,</b> April 4, April 11 April 18  6:00 pm – 8:30pm	English with Bilingual Support.  Participants can earn up to 10 PD hours	This 4-session science series focuses on what science inquiry looks like in a preschool setting. Through hands-on exploration of experiences involving living things, color and light, participants will discover how scientific concepts can be incorporated into the learning environment to help children learn and experience science. All participants will leave with ideas to enhance their environment around these three science topics.

Name of Training	Dates/Times	Language/ PD Hours	Description
<b>Introduction to Mindfulness and Yoga in Early Childhood Settings</b>	<b>Saturday,</b> April 28 9:00am – 1:00pm	English with Bilingual Support  Participants will earn 4 PD hours.	In this workshop, participants will learn the benefits of mindfulness & yoga, including the latest scientific research. They will also have experiential opportunities to try various self-care practices as a tool for their own health and well-being. Additionally, participants will learn strategies for incorporating yoga/ mindfulness with infants through five-year-olds.
<b>Growing Up WILD</b>	<b>TBD</b>	English with bilingual support  Participants will earn 4 PD hours.	Growing Up WILD builds upon children’s natural sense of wonder about nature. Early childhood educators will discover and experience a range of nature/science activities that are developmentally appropriate for ages 3 to 7. Participants will receive the Growing Up WILD curriculum and skills to complete these activities with their students.

All classes are funded by the Rhode Island Department of Human Services.
